MILITARY POWER SYSTEMS

The Centre for Aerospace Power & Strategic Studies and Indian Military Review will organise Military Power Systems for Defence and Aerospace Applications seminar & exhibition on 7 January 2020 at the Air Force Auditorium, New Delhi.

Unlock Strategic Opportunities at the Forefront of Military Power Innovation

The "Military Power Systems" event is the premier platform for companies at the cutting edge of power technology to engage directly with India's defense leadership. This exclusive gathering will convene serving officers from the Indian Army, Navy, Air Force, and paramilitary forces, alongside top-level military decision-makers and technical experts. With keynote addresses from senior officers and interactive sessions, the event offers unparalleled access to the current and future needs of India's defense sector.

Why Participate as a Sponsor or Exhibitor?

1. Direct Engagement with Defense Leadership

Meet and network with the officers who shape procurement and modernization strategies for India's armed forces. Gain insights into operational requirements and emerging challenges, and position your company as a trusted partner in national defense.

2. Showcase Your Innovations - Energize India's Military Might

Demonstrate your latest products and solutions to a targeted audience seeking advanced, reliable, and efficient power systems. Whether your expertise lies in aerospace or defense applications, this event is your stage to highlight how your technologies can empower India's military capabilities.

3. Influence Future Procurement - Empowering Forces, Enabling Victory

Participating companies will have the unique opportunity to present their offerings to those driving acquisition decisions. Engage in dialogue, gather feedback, and influence the future direction of military power systems in India.

4. Build Strategic Partnerships

Connect with other industry leaders, research institutions, and government agencies. Explore collaborations and joint ventures that can accelerate innovation and market access.

5. Have B2G Meetings

The event provides an opportunity to have direct one-to-one prescheduled meetings with selected armed forces officers dealing with Military Power Systems.

Who Should Exhibit?

Companies specializing in any of the listed product areas, as well as those developing next-generation solutions for military and aerospace power systems, are strongly encouraged to participate. Whether you are an established defense supplier or an innovative startup, this event is designed to maximize your visibility and impact.

Secure Your Place

Join us at Military Power Systems 2025 to shape the future of defense energy solutions. As a sponsor or exhibitor, you will not only showcase your capabilities but also play a pivotal role in advancing India's military power infrastructure. Don't miss this opportunity to connect, collaborate, and lead.

Early Birds get better discounts and positioning.

Contact us today to reserve your spot and explore sponsorship opportunities.
